

2110 LNCO Instructions
Front & Back TV Remote is within room 2106 LNCO.
DO NOT REMOVE OR PULL OUT ANY CABLES

Front TV: You can use your own computer **ONLY** if you have an HDMI hook-up. If you do not have HDMI or converter please check with your responsible representative who reserved the room.

Connecting a laptop

1. Turn on the **monitor** by pressing the FRONT TV button on the remote. Display will automatically come on.
2. Connect the **HDMI cable** that extends from the monitor to the laptop. An adapter/converter may be necessary if the laptop does not have a HDMI monitor port.
3. Display will automatically come on once cables are connected.
4. Press the power button on the remote to turn off the monitor.

Back TV: Already has a computer hooked up. The keyboard and mouse is within room 2106 LNCO. You cannot use a personal computer, but you can connect a thumb drive.

Using the computer

1. Turn on the **monitor** by pressing the REAR TV button on the remote. Display will automatically come on.
2. Use the wireless keyboard and mouse to log into the computer. No password needed just click on arrow.
3. If you have a thumb drive you may plug it into the computer behind the monitor.
4. Press the power button on the remote to turn off the monitor.

The remote should only be used to turn on the TV monitors **NO** other options/buttons should be pressed. If you do not see the Front or Rear options on the remote click the home button.
